GOODFELLOWSHIP CLUB HAD SOCIAL SESSION.

Entertained Federation President in Open Meeting.

The Goodfellowship club have, in making up their programs, usually set aside three evenings to be spent in a social way, sometimes in one manner then another. Monday night was set aside as the first social evening of the year and the committee in charge decided to hold an open meeting. The social club rooms were secured and as many ladies as the room could comfortably seat responded to an invitation from the club to meet Mrs. Ashbaugh, the president of the State Federation of women's clubs and to listen to a talk upon subjects that are of vital interest to women of today. The meeting was opened by Mrs. Howard Hanson, president of the club who in a few well chosen words heartily welcomed the guests. Mrs. Olaf Michelson in her usual happy manner then gave a splendid recollection of the work which has been accomplished by the club in the past eighteen years. This was much enjoyed by the ladies.

Mrs. Ashbaugh was then introduced by the president. With her opening remarks Mrs. Ashbaugh had the audience with her and at the close the interest of the ladies was as keen as at the beginning. She touched upon the subject of civics, civil service, reform, social conditions and legislation. She impressed the ladies with the idea that we need a combination of the women of the town to bring about reforms along these lines. Mrs. Ashbaugh is a sincere and convincing speaker and the ladies felt that they had been both entertained and enlightened.

After this, light refreshments were served and a social hour enjoyed. Altogether the ladies felt that they had spent a most pleasant and enjoyable evening together.

SOUTHBOUND M. C. TRAIN IS DITCHED AT MACKINAW.

Five Coaches Leave Tracks; Only Six Persons Injured.

Although three passenger coaches and two sleepers were thrown into the ditch when the Michigan Central southbound train was wrecked by a broken rail, three miles south of Mackinaw at midnight Saturday, only five or six persons were hurt.

It was at first reported that forty were killed and many injured and physicians from Cheboygan and Mackinaw rushed by auto to the wreck. Postmaster John Noll of Cheboygan had his right arm dislocated, and E. A. Tremaine, also of Cheboygan, was badly bruised about the face. The train was an exceptionally heavy one, being drawn by two engines. The track and roadbed were torn up for more than 150 feet.

A number of hunters with their wives were returning from the upper peninsula. The train was several hours late arriving in Grayling at 11:00 Sunday a. m.

The local wrecking crew left here early Sunday morning to clear up the wreckage, and in the mean time another train was dispatched to the scene and the passengers, baggage and mail transferred.

Among the passengers was a hunter who had been accidentally wounded with a bullet thru his thigh, who was being taken to his home in Detroit, and the joint of the accident, together with his other hurts, was pretty severe on him.

Huge Air-Craft Sighted.

About 2 o'clock Monday morning, while night-marshal Mayo was returning from the south end of town, and as he just got opposite the bank building he heard a rumbling noise that sounded very much like an incoming freight. As he turned around in scrutiny, he detected that the noise came from above, and with close observation of the heavens, he sighted a large object, sailing through the air, heading in a straight northerly direction. The lights were visible, affording a spectacular view of the air craft, which was a monster.

This is the third time that parties have reported seeing those large air-crafts, and what brings them to this part of the country cannot be learned. Nothing is ever heard of them landing, as pleasure seekers would if they were manned by them, but in all probabilities a little scouting work is going on.—Baraga Journal.

Chamberlain's Tablets.
This is a medicine intended especially for stomach troubles, biliousness and constipation. It is meeting with much success and rapidly gaining in favor and popularity. Obtainable everywhere.

Who Are the Boosters?

Every town has its boosters and its knockers. No community is ever found without them.

We have a healthy respect and a profound admiration for the booster, but our opinion of the chronic knocker would be unprintable.

Why can't we all be boosters in this town?

Why have any knockers at all?

And that brings a question to our mind. Who are the boosters in this town? Who are the men and women who always have a good word for it? Who are the ones who always speak well of its people, and of its past accomplishments, and of its prospects for the future?

We would like nothing better than to have a vote taken by the whole population, with each citizen naming those he or she considers to be boosters. And then we would like to publish the names of the boosters in this paper, and hold them up to the public as just what they are—our most progressive citizens.

When you have a little spare time suppose you just sit down and write out the names of the twenty-five people—men or women—who in your judgment are the greatest boosters for our town. It will give you quite an insight into the characters of many people, for it will cause you to weigh their good qualities with their bad ones, their virtues with their vices, and their progressiveness with their slumbers.

You might tell your friends what you are doing and ask them to do the same, and then all of you could hand your lists of twenty-five in at this office and we could tabulate them and announce the result in these columns.

It would be a deserved recognition of the sterling qualities of the boosters—of the twenty-five GREATEST boosters—and it might even spur others up to the point of hustling for our town and climbing into the booster wagon. It might even start you to moving.

Who are our boosters, anyway?

FREDERIC NEWS

Mrs. Andrew Brown was in Grayling, Saturday on business.

W. T. Lewis, who has been ill, is quite fully recovered.

The M. E. Ladies Aid met at the home of Mrs. T. E. Lewis at their last meeting. As to interest and numbers the aid shows marked progress. Rev. Mitchell and wife and other Grayling friends attended the meeting. The next meeting will be held at the home of Mrs. Kelly.

The recent snow storm made it impossible for Rev. Mitchell to hold services here on Sunday last. During the winter the services will be held on some week day night. Good interest has been shown in these meetings and we trust it may continue.

S. H. Kusely and family of Baraga, Mich., were guests of Mr. and Mrs. Terhune and Mr. and Mrs. T. E. Lewis last week.

We hear that Mr. and Mrs. McCracken intend moving to Flint in the spring.

Andrew Brown has secured employment at the Buick factory in Flint. Thanksgiving exercises will be held in the primary department of the school Wednesday afternoon. The engine at the mill has been repaired and everything is in running order again.

Gladstone said, "The only people who make no mistakes are dead people." I saw a man last week who had not made a mistake for four thousand years. He is a mummy in the Egyptian department of the British Museum.

Frederic School Notes.

The children from the primary room are taking part in the Thanksgiving program.

Harold Rich, Seymour Turner and Isadore Brown are new members in the Chant class.

Marie and Raymond Brown have returned to school.

The fifth grade have finished the study of Spanish conquests and are now beginning the study of French explorers.

The third grade pupils are making Thanksgiving cards.

Clara Brown is organist this week. The sixth grade has started "Three Golden Apples."

The eighth grade grammar class are studying "Three American Poems."

Jessie Reynolds was absent from school Wednesday owing to the illness of her mother.

The girls of the basketball team enjoyed the first practice of the season last Wednesday evening.

The second year Latin class would

like to know where the word "peevish" originated. They think it is a good addition to the English language and proves of value in Latin.

An interesting program was given Monday morning including several vocal and instrumental solos given by the pupils.

The English literature class are preparing to take up the study of "Macbeth."

The Literary society gave a fine program Monday night and it was well attended.

Leslie Craven has entered the High school. If any more come the board will have to buy more seats.

Term examinations this week. The High school girls won in the basketball game Saturday. The boys did not.

Prosperity At Last

There is no longer any doubt of the return of prosperity. Our old friend is with us again. He is not here in chunks, with bags full of shimmering gold, and automobiles for everybody, but the old boy has brought a steady increase in the volume of business, and a relaxation in the money markets, and a renewed confidence in business circles and in the agricultural districts. Men of all classes are loosening their purse strings, money is on a hunt for investment, employers are taking on more men, and the wheels of industry are humming at a more rapid rate than for many months past.

Merchants report increased sales and easier collections, buyers are selecting better and more expensive articles, and a spirit of relief and confidence is in evidence everywhere.

There are bright spots ahead for the future. Let's all steer for them and keep head and eyes to the front. Authentic newspaper reports indicate that congress will be overwhelmingly in favor of President Wilson's contention for greater national defense, but history will record that the politicians of all parties, with a few exceptions, did absolutely nothing until the great mass of our hundred million people arose in their might and demanded protection instead of pork barrels.

Methodist Episcopal Church.

A special Thanksgiving service will be held Thursday morning at 10:30 o'clock in the M. E. church, Grayling. Special music will be rendered by the choir. Everybody heartily welcome. Rev. A. Mitchell—Pastor. Services will be held on Sunday next at the usual time. Morning 10:30. Evening 7 o'clock.

Rev. A. Mitchell will preach in the M. E. church at Frederic on Friday evening next at 7:30 o'clock. Everybody cordially welcome.

For first class cleaning and repairing call on M. Weingard. Next to G. A. R. hall. 10-21-tf.

You will be thankful if you

Ward Off the First Cold

and your turkey will taste better.

WEAR GOOD SHOES

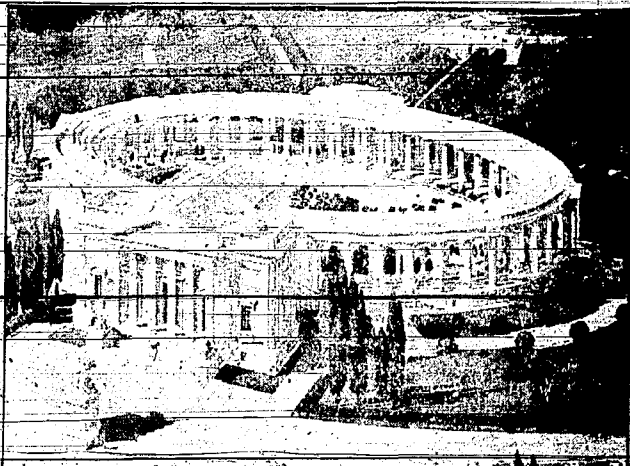

and keep the feet and ankles dry and warm, and you'll be pretty sure of escaping early winter colds. To wear a low shoe at this season of the year, or to wear any kind of a shoe that is not moisture proof is to take chances with your health. You can't afford to do that. Nor can your wife, or your children in school. An early precaution in footwear may save you big doctor bills later.

RUBBERS Help to Keep the Feet Warm and Dry

and are good things to have the year around. We have a nice line of first quality rubbers and can fit you properly.

EMIL KRAUS

Grayling's Leading Dry Goods Store

The Arlington Monument

IN 1913 Congress appropriated \$750,000 with which to build a memorial to the nation's soldiers and sailors. The work was placed in the hands of a commission of national importance. The site selected was in Arlington Cemetery—the famous burying ground across the Potomac from Washington, which was once a part of General Robert E. Lee's estate.

The vast Arlington Amphitheatre, as designed by Carrere & Hastings, will cover about 60,000 square feet of space. The elliptical colonnade will contain more than 100 massive columns. Within the oval there will be seats for 6,000 persons. Beneath the colonnade, stretching out in either direction from the speaker's forum, a series of crypts will be constructed wherein may be buried the noted men of the army and navy. The spacious structure at the entrance will be used for a mortuary chapel and military museum. It will be lined with priceless relics salvaged from many battle fields. This great national monument is being built

of Vermont Marble from the quarries and shops of the Vermont Marble Company. More than 450 carloads will be required to complete it. The Vermont quarries began producing monuments in 1790—statues that are standing today still perfectly sound. The stone is already well known in Washington. The Red Cross Building—dedicated to the women of the Civil War—is now coming from these same quarries. From them have come also the Senate Office Building, the Mass Hall (Soldiers Home), the D. A. R. Building and many other edifices—some marble landmarks which lend beauty and dignity to the nation's Capitol.

WE WANT YOU

For a Customer

A Hardware House that makes good on its promises—on its sales—in its every undertaking—is the one with which it pays the customer to do business. Such a house must keep "the goods that make good" or lose its reputation and its customers. In all modesty we want to say that we are making good, and holding our old customers, and making new ones steadily from day to day.

MICHIGAN WOMEN TO MEET WILSON

INVITATION TO PRESIDENTIAL RECEPTION TO SUFFRAGE WORKERS.

WILL HAVE SPECIAL TRAIN

Detroit Women Are Assisting in Costuming of Three Hundred Who Will March in Historical Pageant.

Detroit—Mrs. Edward Breitung, of Marquette, chairman of the Michigan Congressional Union; Mrs. Jennie Law Hardy, of Tecumseh; Mrs. G. B. Jenkinson, of Bay City, and Mrs. C. D. Hamilton, of Grand Rapids; Mrs. Ralph Ainsworth, Miss Margaret Fay Whittemore and Mrs. Eugene R. Thippen, of Detroit, have received invitations to be present at the reception to be given on December 6th in honor of the suffrage "singing squad" which will be attended by 300 workers in the Congressional Union.

Mrs. Lucia Grimes and Mrs. Faith Lowell, of Detroit, are now in Washington where they are assisting in the costuming of the 300 women who will participate in the historical pageant that will mark the visit of the "singing squad."

The Michigan delegation will be carried to Washington in a special car leaving Detroit Dec. 4 at noon.

TO STAMP OUT DIPHTHERIA

Cadillac Has Adopted Stringent Measures Against Disease.

Cadillac—Because of the desire to effectively and quickly stamp out the diphtheria which has been prevalent in Cadillac for more than a month, the authorities are enforcing some rather stringent regulations.

The schools are to be closed this week, the public library closed Sunday, and the churches are to be closed on Sunday. The city health officer, Dr. J. M. C. A. will be required to remain away from the association buildings and all other public places under 16 years of age are not permitted to attend theater or motion picture performances.

Decapitated in Sugar Plant

Cadillac—Glenn Blake, 31, and married, was decapitated while at work in the local sugar plant at Cadillac Monday morning.

He was working at a beet conveyor and elevator when he lost his balance. A bucket of sugar fell on his head and it hit him on the forehead. The man was lying at the top of the elevator when he was decapitated. The head came from the neck and fell on the floor.

Barns on Campus Must Go

East Lansing—M. A. C. professors who have the campus map have decided that barns on campus must be removed. The board has authorized the removal of barns back of faculty residences. The board has also authorized the removal of barns back of the college community and detract from the campus.

MURDER NEWS

Lucerne—Volmer E. Miller, highway commissioner of Lucerne township, of Lucerne county, was fatally shot by an unknown bullet. Miller was standing at a highway intersection with a car when he was shot. The car was driven away and the driver was not seen.

MICHIGAN NEWS ITEMS

Bay City—The Michigan State of the Republic church at Bay City and grand champion of the Michigan C. O. C. has resigned his position. He has resigned his position in the church and the church has accepted his resignation.

Fourteen thousand men, and employed in the principal motor plants in Flint. According to figures made public Saturday by the manufacturers' association, this is an increase of 1,000 since Jan. 1 and 1,500 more than ever employed there before.

A 30-foot fall from a tree caused the instant death of Lloyd Abbott, aged 15, son of Mr. and Mrs. Herman Abbott, living two miles south of Cadillac. Abbott started on a hunting trip shortly after breakfast. Later in the morning he was returned and the body was found hanging from a tree. The boy is supposed to have tried to get a squirrel he had shot.

A shipment of 100,000 whitefish eggs has arrived at the Port Huron hatchery at Port Huron. The eggs will be hatched and the fish raised in Lake Huron next spring.

After being out from 10 o'clock P. M. to 11 o'clock P. M. at 11:15 P. M. a fire broke out at the Port Huron hatchery. The fire was caused by a gas stove and the hatchery was destroyed.

Mrs. J. A. Stephens, 74, who moved from a farm near Bay City to the Port Huron hatchery, died at the hatchery. She had been ill for some time and died at 11 o'clock P. M.

At a meeting of the commission on the subject of the Port Huron hatchery, the decision was made to build a new hatchery. The new hatchery will be built on the site of the old hatchery and will be completed by 1920.

TRAIN IS DITCHED AT MACKINAW CITY

ONLY FOUR INJURED IN WRECK CAUSED BY BROKEN RAIL

MANY HUNTERS ARE ABOARD

Two Sleepers and Three Day Coaches of Michigan Central Train are Thrown Into Ditch and Wrecked.

Cheboygan—Although three passenger coaches and two sleepers were thrown into the ditch when the Michigan Central southbound train was wrecked by a broken rail, three miles south of Mackinaw City at midnight Sunday, only five or six persons were hurt.

It was at first reported that 40 were killed and many injured and physicians from Cheboygan and Mackinaw rushed by auto to the wreck.

Postmaster John Noll, of this city, had his right arm dislocated, and E. A. Tremaine, also of Cheboygan, was badly bruised about the face. The train was an exceptionally heavy one, being drawn by two engines. The track and roadbed were torn up for more than 150 feet.

A number of hunters, some with their wives, were returning from the upper peninsula. The train was several hours late.

The state committee already has set Dec. 15 for a run-off.

Party rules provide that when no candidate polls a majority of all votes cast at a primary, the two highest shall oppose each other at a runoff of second primary.

WOODMAN OFFICIAL IS DEAD

John H. Mitchell of Ionia Was Major General of Foresters.

Ionia—General John H. Mitchell, major general in command of the Modern Woodmen of America, for 10 years, died here Friday at the age of 66 years after a long illness.

He was born in Franklin, N. Y., and came here when 7 years old. At 17 he went to Grand Haven and published the News there. He studied law and was admitted to the bar in Ottawa county, Michigan.

He was a member of the Grand Lodge of the Woodmen of America.

SCHOOLS TO GIVE WEEK TO TBC STUDY

SUPT. KEELER AT HEAD OF PLAN TO HELP BIG CAMPAIGN IN STATE.

WEEK BEGINNING MARCH 6TH

It is Thought Parents May be Reached Through Instruction Given to Children During This One Week.

Lansing—Michigan public schools will have a tuberculosis week beginning March 6.

Superintendent of Public Instruction Fred L. Keeler, who is engineering the plan, also intends to ask the parochial schools to cooperate and is satisfied that they will do so.

This is to be the contribution of the public school system to the anti-tuberculosis campaign now being carried on with the \$100,000 appropriation by the 1915 legislature.

"The way to reach many of the parents is through their children," says Mr. Keeler, "and I think I can do as much, if not more good, for the cause of anti-tuberculosis in this one week than the others can do with their \$100,000."

Lessons for the entire week will be drawn up in the office of the superintendent of instruction and it is planned to have them in the hands of the teachers at least a month before the time set aside.

Next week the work of the campaign will be taken up in Grand Traverse county. Nurses are already busy there. St. Clair county will be next invaded.

With three counties, Wexford, Barry and Ottawa, practically completed the officials who are conducting the work think they have reached a point where pretty close to ultimate results can be guessed at.

WOMAN IS BURNED TO DEATH

Attempt to Start Fire With Kerosene Results Fatally at Saginaw.

Saginaw—Mrs. Anna Sebastia, aged 71 years, was fatally burned late Sunday afternoon when kerosene, with which she attempted to light the kitchen stove, exploded, throwing flames over her body. She died three hours later. Mrs. Sebastia suffered a stroke of paralysis last spring and had little control of her left side.

So rapidly did the flames consume her clothes that she fell at the stove. When neighbors responded to her screams they found her garments burned off and her body charred. She was taken to the women's hospital.

Attempt to Blow Up Archbold.

Archbold—A plot to blow up the home of John Archbold, president of the Standard Oil company, and business partner of John D. Rockefeller, was discovered Sunday when four sticks of dynamite were found concealed within the foot of the building.

The explosive was wrapped in coarse paper and around each of the four sticks was wound copper wire.

Dallas After Democratic Convention.

Washington—Dallas, Texas, committee of Indian affairs and member of the Democratic National committee, John D. Rockefeller, was discovered Sunday when four sticks of dynamite were found concealed within the foot of the building.

The explosive was wrapped in coarse paper and around each of the four sticks was wound copper wire.

LANSING NOTES

Lansing—State Game Warden William R. Oates is of the opinion that the one deer law will serve in a limited degree the purpose of the proposed buck-law, inasmuch as the average sportsman will be inclined to allow does to pass without shooting so that his one deer may be a horned trophy. Warden Oates says that this plan is being followed in many of the northern hunting camps this year.

Compared with last season there is a decrease in the sale of resident licenses of about fifty percent, indicating that a meat value, if not a commercial value, is a consideration with some of the hunters.

As an offset to the decreased sale of resident licenses the sale of non-resident licenses has more than doubled. This increase is assigned to the fact that provision was made by the legislature that a deer may be shipped from the state without formality of a permit, the tag attached to a carcass in the field standing as a voucher for legal shipment.

Commissioner Oates has arranged for a checking of all deer via the straits, lake, ferries and railways, but up to the present writing the number sent down from the upper peninsula is considerably below the average of the season. Reports at the Lansing office of the state game warden show that 44 deer have already crossed the straits of which 24 were bucks and 20 were does. Absence of tracking snow has protected deer from the hunter thus far and indications are that the kill will be greatly reduced. Fear of continuance of moderate temperature which would drive hunters from camp to save their venison from spoiling is another factor which is reducing the kill.

During the session of the legislature two years ago Game Warden Oates made strenuous efforts to have a law passed limiting each hunter to one buck deer. However, the bill failed to pass and the last legislature put through a law limiting each hunter to one deer which may be either a buck or doe.

May Have Open Season.

That the longed-for hopes of the sportsmen and conservationists of Michigan are in a fair way to be realized is evidenced by the fact that the state game department is considering the advisability of fixing an appropriate year when an open season may again be placed on quail and prairie chicken.

In the southern peninsula and particularly along the shore of Lake Huron, quail have increased in the past two seasons at an estimated rate of five to ten percent.

Warden Oates says that prairie chicken are very common in the Capable and Marquette counties and both quail and chickens have been seen in the state capital.

Warden Oates is of the opinion that conditions may soon be such as to warrant a limited season.

Provided for a general spreading of winter food for quail, prairie chicken and partridge is being made by Oates, who is instructing his district inspectors to locate the best depositing grounds for buckwheat and other grains. South of the state capital, south of the state capital, south of the state capital.

It is the purpose of the game department to get aside a portion of the funds received from the sale of hunting licenses for the purchase of food for the game birds, and for stocking and propagation on the state game refuges. Warden Oates says that applications from farmers and sportsmen for food for quail and other game birds will be given consideration.

ANDREW PETERSON

Watchmaker and Jeweler

Burnie Parsons is spending Thanksgiving with his family in Bay City.

Miss Lillie Fischer of Johnsonburg is spending Thanksgiving at her home here.

Miss Agnes Hanson of Mt. Pleasant is spending Thanksgiving at her home here.

Special prices on ladies' corsets, push, carousal and beaver cloaks for the next ten days at Frank Dreese's.

Don't miss looking over this line of ladies' and children's cloaks before buying. Frank Dreese.

A. Rasmussen of Detroit is spending the week here, the guest of Miss Sigurd Ellerson.

Stanley Insley arrived home from Notre Dame this morning for Thanksgiving vacation.

Emil Giegling of the Kerry, Hanson offices is spending Thanksgiving at his home in Manistee.

Clarence Johnson and friend of Bay City are spending Thanksgiving with the former's parents here.

Frank Ahmadi returned home Tuesday afternoon from Ann Arbor, where he had been for a week on business.

Mrs. Thorwald Hanson entertained the ladies of the Goodfellowship club with a six o'clock dinner on Monday evening in honor of Mrs. Ashbaugh, the president of the State Federation of Women's Clubs.

Earl Madison returned home last Monday morning after three years spent traveling thru the different states in the west. He is visiting his parents Mr. and Mrs. Rasmus Madison and expects to remain in Grayling for the present.

Announcements have been received of the marriage of Miss Lillie McLeod, daughter of Mrs. Clara McLeod of this city to Mr. Leo Lewis White of Adrian, which took place at the home of the groom's parents in the latter city last Saturday, Nov. 20th.

Miss Irene LaSprance of Bay City accepted a position in the Jay Thompson & Co. dry goods and clothing store of that city, and commenced her duties last Monday. Miss LaSprance formerly resided here and was a clerk at the Grayling Mercantile Company's store.

George McPeak, who has spent several months in Yakima, Washington, visiting his sister, Mrs. A. P. Grommes, formerly Miss Catherine McPeak, returned to Michigan, last Tuesday and spent a few days with friends before going to his home of his parents in Bay City. Miss Marie Vriken, of Bay City who has also been the guest of Mrs. Grommes in the west for several months returned with Mr. McPeak.

At the regular meeting of the Danish Young People's society at Daneshall last Thursday evening entertainment was provided by Jens Sorenson for the evening. It consisted of cartoons drawn of the different newly elected officers, and sketches of their past life were read. Miss Nina Peterson helped to make it a pleasant meeting by rendering several instrumental solos. This was the first meeting that was presided over by the new president Miss Margaret Hemmingson.

Miss Gladys Peck is taking a vacation from her position in Detroit, at the family home here, and making a confident of her father played a pleasant trick on her mother, Mrs. F. O. Peck, and her aunt, Mrs. Ida Seriver by the sudden appearance of about forty of their old friends to help celebrate their birthday anniversary, which they had thought was forgotten for the time, November 18th. The evening was pleasantly passed in reminiscences, the only shadow being that Mrs. D. Johnson had passed away several years ago breaking their circle.

They were triplets, and with families and their parents, were among our earliest settlers and will be well remembered. A late dinner was fully enjoyed, and with best wishes for this happiness, and thanks to Gladys for the occasion, good nights were given.

The Outlook of Onaway, in their edition of last week, gave a splendid account of the preachers' convention held there that week, and in writing of Rev. Aaron Mitchell, of this city, said as follows:—Rev. Aaron Mitchell of Grayling was next called upon to address the Conference on the subject of "The preacher in Civic Life." This speaker spoke very enthusiastically of the foremost place the preacher occupies in the vital part of city's life. He gave a strong, manly and instructive display of a Christian Preacher's opportunity to lead in Civic righteousness. He cited the political and industrial opportunities wherein the preacher could be the key man to the situation in times of crisis. Rev. Mitchell was loudly applauded and the District Superintendent rose to tell the Conference of the practical work of the speaker.

Negs was received here Monday of the death of David Trotter, which occurred early that morning. The funeral was held Wednesday and attended by T. W. and O. W. Hanson, of this city. Mr. Trotter was at one time yard foreman for the Salling, Hanson company of this city and later, in company with Martin Hanson, opened a lumber yard in Toledo. Mr. Hanson returned to Grayling and entered into the banking business while Mr. Trotter continued in the lumber business and has built the business from a small yard to the most pretentious in Toledo. He was about sixty years old. Mr. Trotter is well known in Grayling, and his friends here will be sorry to hear of his death and extend deepest sympathy to his grieving wife.

Miss Mollie Johnson of Saginaw is spending Thanksgiving with her parents, Mr. and Mrs. C. O. Johnson.

Do not forget the great photo play, "Ono Vadie" at the Opera house Thanksgiving afternoon and evening. You will miss one of the best features that ever came to Grayling if you do not see this. Matinee at 3:30 p. m. Evening performance at 7:00.

Do not forget the home talent play, given by the Danish Young People's society, at the Temple theatre Friday night. Admission, children, 15 cents; adults, 35 cents. This will be followed by one of the society's popular dancing parties to which the public is cordially invited. Dance 80 cents per couple. Tickets for the show are on sale at the Olaf Sorenson & Sons store.

Fire was discovered in the basement of the new school building Thursday night, which apparently originated from spontaneous combustion. It started in a pile of shavings, lumber trimmings, waste paint and rags. It spread to two other places in the room but apparently did little harm except that the heat cracked several window panes. The doors were locked and by the time entrance was gained to the building the fire had nearly burned itself out. A night watch will now be regularly employed.

How The Public Might Reduce Expenses.

Why does a man or woman in buying an advertised article seldom tell the merchant where he or she saw the advertisement? That they did see it—and read it—is proved by the purchase they are making at the time, but the retailer is left to form his own conclusion as to what prompted them to come to his store. Newspapers and magazines everywhere urge buyers to tell where they see advertisements, and they really should do so. If they would, the advertiser would know his advertising was paying him. He naturally would then, do more advertising, and just as naturally, he would sell more goods. Selling more goods, he would be able to sell even cheaper than he is now doing—and the result would be that the public would benefit—and all from so little trouble as telling the business man where his advertisement was seen. In looking over our advertising columns in this issue, please, when buying, tell the business man you saw his Ad. in our paper. The advertisers this week are:

Andrew Peterson, jewelry.
Sorenson Bros., furniture.
A. M. Lewis, drugs.
Grayling Merc. Co., dry goods, clothing & shoes.
Thos. Cassidy, bakery and grocery.
Salling, Hanson Co., general store.
C. J. Hathaway, jewelry.
H. Petersen, groceries.
Emil Kraus, dry goods, clothing & shoes.
R. H. Milks, meat market.
N. P. Olson, livery.
Geo. Burke, Ford agency.
Grayling Greenhouses, flowers and vegetables.
DeWaele & Sons, groceries.
F. R. Beckrow, plumbing, stoves, engines, etc.
Hotel Griswold, Detroit.
Wayne Hotel, Detroit, mineral bath.
Olaf Sorenson & Sons, grafonolas.
J. M. Bunting, coal & coke.
C. G. Sorenson, decorating.
A. B. Shubert, raw furs.
J. H. Grover, lumberman.
Geo. L. Alexander & Son, insurance.
M. Weingard, cleaning & pressing.
Chas. Fehr, raw furs.
O. Palmer, real estate.
Frank Dreese, Rubber, Shoes and clothing.

GRAYLING, THURSDAY, NOV. 25

Local News

Now for drive on turkey.
Miss Lois Larive spent Saturday at her home in Roscommon.
Christianity may save the world, but the biggest gun will rule it.
Mrs. Claude Gilson is visiting her parents, who reside near Lansing.
Miss Florence Larson of Bay City arrived Saturday afternoon to visit her father.
Purest drugs and perfect compounding are always had in our prescriptions.
A. M. Lewis.
C. J. Hathaway and son Milton are attending a reunion of the Hathaway family at Orion today. They also intend to make a business trip to Detroit before returning.
There will be a special K. of P. meeting Friday night with work in the second rank. Next week Wednesday there will be a regular meeting which will be followed by a meeting of the Uniform rank. Members are urged to be out to these meetings.

Early Shopping

A large number of people each year find it profitable to shop early. They find it distinctly to their advantage to do their Christmas buying ahead of the crowd. They can take ample time to look over stocks and give each purchase careful consideration. This results in the selection of a gift more suitable as a decided saving in cost.
There is also an intense personal satisfaction in approaching the holidays free from the worry of gift selection. It doubles the enjoyment of the Christmas season.
We very gladly will add to the choosing of your gifts. Our stocks are so complete we have ample time to take care of your engraving in the best of style and our sales people can give your purchases proper attention.
A small deposit will reserve your article until you wish to take it out.

C. J. Hathaway
Jeweler and Optometrist.

TO GOOD EATERS

Just a Word

Many of the most discriminating eaters in this community buy their groceries at this store.

There are just two reasons why they buy them here. 1st, they get exactly what they want. 2nd, the price is so low it is more than satisfactory to them.

Can you think of a better reason why YOU should buy your groceries from us? If it is so eminently satisfactory to them it would be equally so to you.

DeWAELE & SON
GROCCERS

The Home of Good Things to Eat

Herman Dudd of Johannesburg was a caller here Tuesday.

The loud mouth bully is heard—the gentleman is seen and known.

Carve your Thanksgiving turkey with a carving set from Hathaway's. James Cariveau Jr., spent the latter part of last week in Bay City on business.

Miss Lottie Billings has returned from a couple of months' visit in Tennessee.

Mrs. A. F. Gierke and son, Earl returned Monday from Bay City after a week's visit.

Mrs. John Horan is entertaining Miss Etta Wilson of West Branch over Thanksgiving.

John Horan and wife moved Monday into the residence recently vacated by John Walstrom.

Fire insurance is too cheap to be without. Why are you so negligent?

Geo. L. Alexander & Son.

George Fitch arrived here last Monday from Millersburg and has secured employment at one of the T-town mills.

The Danish Ladies' Aid society were nicely entertained at the home of Mrs. Lars Rasmussen Wednesday afternoon.

Miss Francella Wingard is assisting at Sorenson Bros. furniture store during the holiday rush, commencing last Monday.

Mrs. L. H. Chamberlin and daughter, Miss Marguerite returned Saturday from a few days spent in Detroit and Bay City.

The talker is a man of words; the producer is one of deeds. We can worry along without the one, but never without the other.

Mrs. J. E. Crowley and Mrs. L. Tetu will entertain the Catholic Ladies' Altar society at the home of the latter on Thursday, Dec. 2nd.

Ladies' and Gentlemen's clothing cleaned, pressed and all kinds of alterations. Also fur remodeling.

M. Weingard, Tailor.

Donald Babbitt, 16 years of age, killed his first deer Monday and is feeling pretty happy over his luck. It was an unusually large doe.

Next Friday night, there will be gymnastic exercises at the gymnasium, only an hour of basket ball practice.

This is the men's regular night.

Glen Hanna and Howard Annis will give a dance at the town hall in Beaver Creek Friday night, November 25th. Everybody invited. Door rights reserved.

The Crawford County Farmer's Institute will be held at the Court house, Friday and Saturday, December 10 and 11. Watch for further announcements and programs.

Dr. Dystant, of Bay City, district superintendent of the Methodist conference, was in the city last night.

Wednesday, and preached and conducted quarterly conference at the local church.

Miss Francella Wingard was hostess to eight of her friends Monday evening, in honor of Miss Salome Forbush of Frederic, who had been her guest for several days. Miss Forbush returned home Tuesday.

Mrs. Morris Brooks and son, Phillip who have been visiting Mr. Brooks in Detroit for about three weeks returned home Saturday last. Mr. Brooks has accepted a position and Mrs. Brooks is now making preparations to move to that city. They expect to leave the latter part of this week.

A letter from Frank G. Walton, who with his wife is spending the winter in Crossville, Tenn., states that they are having a splendid time. Crossville is a great farming and stock raising country. Mr. Walton is teaching and conducting a band at that place. They wish to be remembered to their friends.

In these days you can't make a man out of a monkey, and neither can you make a respectable member of society out of a brainless idiot who gapes around on street corners and makes vulgar remarks about every woman who passes. Feeble minded degenerates should be in asylums for imbeciles, where they belong.

A good place to eat your Thanksgiving dinner is at the Hanson restaurant (formerly Standard restaurant) where there will be a menu consisting of roast turkey, duck, goose and stewed chicken, together with all the appurtenances that go with a well regulated Thanksgiving dinner. The hours are from 11:00 a. m. to 7:00 p. m.

Last Friday evening the Juniors and sophomores entertained the members of the faculty, the high school and a few friends at a delightful dancing party at the Temple theatre. Dancing started at 8:30 o'clock. Clark's orchestra furnishing the music. At 11:00 delicious refreshments were served by the girls of the two classes. It was a very enjoyable party and the Juniors and Sophomores were voted as very nice entertainers.

Last week when a party of Grayling hunters, composed of Sheriff Wm. H. Cody, James Wingard, Alonzo Colten, John Curlew, Andy Hart, John Horan and Frank Cochran, of this place and George Burke of Frederic, were hunting deer in Mackinaw county in the upper peninsula, they ran across a dead cow moose. It was a very large specimen, weighing from 800 to 1000 pounds. It was very poor and apparently had been dead about ten days. The lower jaw was shot and broken and hung loose and it appears that it had been unable to eat and starved to death, which would account for its poor flesh. Moose are protected against hunters and penalties for their slaughter are usually quite severe.

THANKSGIVING

Styleplus Clothes \$17

Thanksgiving is new-clothes-time for countless men. It's a logical time to buy—winter and the holiday season just ahead.

Get style and wear both—and pay a medium price. We have the exclusive sale here of the famous STYLEPLUS CLOTHES \$17.

The illustration shows you their fine style. Notice the peaked lapel on the suit—a little point, but little points combine to give clothes their character.

The overcoat, the Maryland model, has become a national favorite. Set-in sleeves with cuffs, patch pockets, box back. Satin sleeve lining and satin yoke.

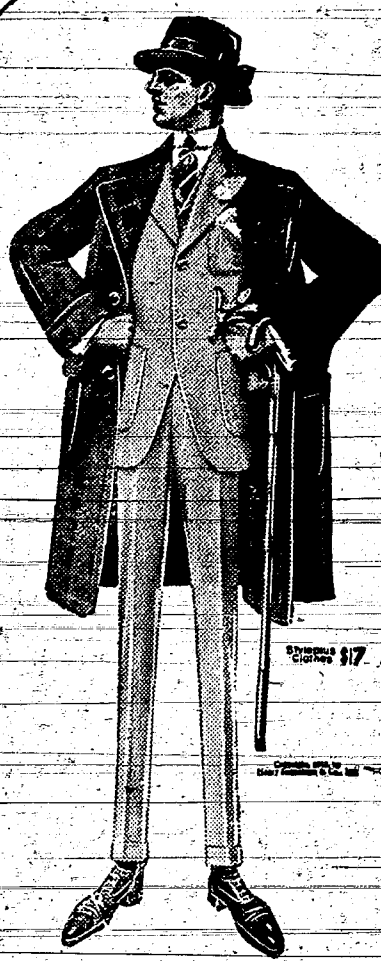

Of course we have many other styles and models. And other makes at other prices.

We feature STYLEPLUS SEVENTEEN because they are so well-known—because they are the better kind of clothes—because one of the big makers has been able to produce style and quality both for \$17—by specializing on STYLEPLUS.

Come here before you finally decide on your Thanksgiving clothes. We invite comparison.

"The Quality Store"

You will enjoy the holidays better if you have your eyes fitted with Hathaway's glasses.

Companies take notice. There will be no meeting of Camp Court I. O. F. November 25th but December 9th there will be election of officers. A general attendance is desired.

Laura MacLeod, Rec. Sec.

Today the New Russell hotel changes management when George Hodge retires and the owner H. Charron again takes possession with W. A. Crippas manager. Mr. Crippas is an experienced hotel man, having at one time conducted a hotel in Rose City. He says that he intends to have everything in "ship shape" soon and promises the best service that hostelry has given in many years.

Mr. Hodge is conducting a hotel in Atlanta and reports come to us that he is doing nicely and likes the place. Both Mr. Hodge and Mr. Crippas have our best wishes for a successful business.

Last Friday evening, Miss Nola Sheehy entertained a few couples at cards in honor of Miss Winnifred Bird of Kalkaska. White Chrysanthemums and red carnations were used as house decorations. At 11:00 o'clock a two course luncheon was served by the hostess, during which Miss Winnifred was presented with a pair of Friendship bracelets from the guests. Miss Bird has been employed in the Avalanche office for the past two months as compositor and during her stay here made many friends by her winning ways. She has accepted a similar position in a printing office at Bear Lake. She left for her home in Kalkaska for a week's visit before going to her new position.

Misses Bernadette Tetu and Hattie Giecke are spending Thanksgiving and the remainder of the week in Bay City, the guests of Miss Irene LaSparade.

Two teams were organized from the men's classes playing indoor games such as basket ball, volley ball, etc. The captains chosen for each team were Fred Welsh and Roy Lathers and Fred Alexander was elected as Secretary and manager.

The funeral services of Mrs. Walter Winslow were held at 2 o'clock last Friday afternoon from the M. E. church. Rev. Aaron Mitchell was in charge of the ceremonies and the Lady Foresters and Lady Maccabees of which orders the deceased was a member, in attendance. The former order held ritualistic services at the church instead of at the grave, it being a stormy day. The funeral was attended by a large number of relatives and friends, the following from out of the city were present: Mr. and Mrs. Fred Evans of Baumister, Michigan; aunt and uncle of the deceased, and Arthur and Vernie Winslow, brothers of Mr. Winslow of Lapeer.

A fine baby boy arrived at the home of Mr. and Mrs. Guy Miller last week Thursday, Nov. 18th.

Book lovers will find a nice new line of the latest and most popular books at this store. Just arrived: A. M. Lewis, Druggist.

Helge Hemmingson arrived last Thursday afternoon from Chicago and is visiting his uncle and aunt, Mr. and Mrs. Chris Skov.

Mrs. J. E. Bohnmoyer, while up north at Brimley last week and the week before was invited out on a hunting expedition. She secured a license and went just a short way from Brimley and succeeded in getting a deer, using only one shot. Mrs. Bohnmoyer says often times she has killed partridges but never before a deer. She arrived home Thursday of last week with her prize.

How to Prevent Croup. It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.

SCANDINAVIAN NEWS

SUMMARY OF IMPORTANT HAPPENINGS IN FAR OFF NORTHWEST.

ITEMS FROM THE OLD HOME

Resume of the Most Important Events in Sweden, Norway and Denmark—Of Interest to the Scandinavians in America.

DENMARK.

Parish Priest Sorensen and wife have paid for putting up electric lights in the Skanderborg castle church, and have also given a fine chandelier to the church.

The Ribeant real estate union has plowed up part of a large tract of beach land, which the union owns at Oten. The experiment was successful, and the whole tract will be broken up by a motor plow next year.

A vote was taken in the commune of Randers on the question of granting a bonus of \$8,000 to the proposed Aalborg and Skanderborg railway. The proposition was favored by a vote of 472 to 211. This result makes it practically certain that the railway will be built in the near future.

The Ironstrup farm at Norager, which was recently sold by Krogh Meyer to a syndicate, affords a striking example of the rising value of real estate. The man who just sold the farm bought it twenty-five years ago for \$23,000. Some time ago he sold part of it for \$14,000, and the recent sale brought him over \$11,000. He still keeps five acres of the best land for his own use.

The Germans have lately come to the conclusion that important documents may be concealed in the tubes of bicycles. The result is that henceforth no bicycle is permitted to cross the line into Denmark until it has been all taken apart, so that every cavity may be searched.

Five thousand dollars has been raised by private subscription in Sialand for an aeroplane for the Second General command. Lieutenant Stockfleth of the Fifth Dragoons of Randers has been selected to run the airship. He is not going to enter upon his duties until he has taken a course at the army aviation school in Copenhagen.

Aage Marjegaard was confirmed the other day in the Borglum church. He was only fourteen years old, but measured exactly six feet, and was well proportioned in every respect. Fortunately, the officiating minister is also a six-footer, so that he did not need to look up to his pupil.

SWEDEN.

The authorities of the city of Bromma have agreed that the city must do something to furnish work for the next winter for men who are threatened with unemployment. It is now decided that the city will put up two flats at a cost of about \$100,000. The buildings are planned for about thirty families.

A new syndicate has bought most of the Vaka bog near Halmstad, on the Solväsberg and Almhult railway, for the purpose of producing peat for use in the manufacture of peat briquettes. The promoters expect to harvest \$125,000 from the government, but that must be set aside for the encouragement of the utilization of peat for fuel and other purposes.

In Lovö parish, in the northern part of the country, there is a pine tree from the top of which no less than nine church spires can be seen. One of them is in Karungi, Finland.

The number of Swedes emigrating in September, 1916, was 399, and 4,280 for the first three-quarters of the year. The figures for the corresponding periods last year were 642 and 6,213, respectively.

The running expenses of the Swedish navy is about one million dollars a month at the present time.

The Ludvika parish sanatorium was burned to the ground a few days ago. There were fifteen patients in the building, and the fire spread so fast that some of them were saved the last moment. The loss was about \$5,000.

The commune of Lower Tornea has resolved to prohibit the manufacture of temperance beer on a business scale and playing cards in the open air. A violation of either of these ordinances entails a fine of \$13.50.

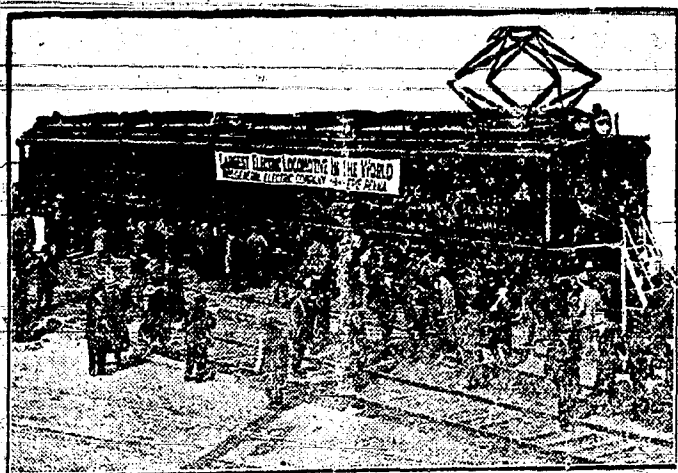

The Alfaby and Pite railway was opened for public traffic October 1st. The city of Alfaby was richly decorated, and flags were waving above many houses along the road. There was no official dedication. In the evening many prominent citizens took supper at the city hotel. Governor Murray and Bishop Rergaviat were among the attendants.

The medical faculty of the University of Lund has recommended that a regular course in temperance be given at the university.

Johannson & Carlander, a business firm in Gothenburg, celebrated their fifty-year jubilee as a business concern by giving \$13,000 to the workmen's pension fund of that city. They also gave their employees a week's wages. The largest amount, however, which was about \$14,000, was given to the servants' pension fund.

The Swedish ship owners have agreed to have the names of their ships painted in such a way that they may be seen by aviators passing by.

LARGEST ELECTRIC LOCOMOTIVE

SEE FINISH OF STEAM

RAILROAD MEN PUT THEIR FAITH IN ELECTRICITY.

Many Advantages Claimed for the Newer Power—Especially in Certain Sections of the Country—Some Arguments Advanced.

Railroad men are looking forward to the time when electric engines will replace steam engines. Especially is this the expectation on mountain divisions containing long, steep grades, and close to natural water power sites. The electric engine can pull a heavier load because of its superior number of driving wheels. One of the electric engines weighs 200 tons and pulls a train of 2,500 tons up a 1 per cent grade. A double header will drag the same load up even a 2 per cent grade.

The engineers have calculated that the electric engine has these advantages as compared with the steam locomotive:

It operates with the highest efficiency in the coldest weather, when steam locomotives often freeze. It returns by "regeneration" a large part of the power used in running up hill during the corresponding run down hill.

It requires inspection only once in every 2,000 miles of travel, whereas the steam locomotive must be overhauled at the end of each division.

It uses no coal, requires no water and has no ashes to dump.

It carries no tender and has no boiler and will run indefinitely at a uniform rate of speed.

It reduces roundhouse tinkering to the minimum and handles uniform tonnage irrespective of weather.

It does away with fuel trains and clears the tracks for traffic that pays dividends.

The best steam locomotive had to be overhauled after running 100 or 125 miles, whereas the immunity of the electric engine from this necessity is a heavy advantage in operating efficiency.

A steam locomotive waiting at a division point consumes 80 per cent of the fuel it uses in actual service, whereas the electric locomotive when it ceases to power.

The freedom of the track from fuel trains is an element of the highest importance, especially in mountainous country where double-tracking is often impossible.

Tipperary Wins. Four-year-old Evelyn, whose home is in Crawfordville, had missed practice for the Children's day exercises. Nevertheless, she was there on Sunday to take a part.

When the little folk took their places on the big platform Evelyn managed to occupy the central position. At the sound of the organ all the children's voices burst forth in song. She listened eagerly in an attempt to catch the tune, but to no avail. Possessed of a singing voice and a song spirit, she desired to use the former. Valiantly she stepped forth from the line and in a high key began "It's a Long, Long Way to Tipperary."

A neck-and-neck race ensued, "Scatter Sunshine," ensemble being outdistanced by the swift-stepping march song sung by our little girl. Rehoboth Sunday Herald.

Railroaders' Life Short. The working life of the average locomotive engineer is only eleven years, and seven days, according to figures collected by the insurance department of the Brotherhood of Locomotive Engineers, a co-operative association, which carries insurance for its members, amounting to \$145,000,000.

For the last ten years the engineers' insurance fund paid out for accidental deaths incurred as a result of service nearly \$5,000,000.

It has recently been calculated that out of every 100 men who start as firemen only seventeen become engineers, and that out of every 100 who finally become engineers only six become passenger engineers.

Swinging Semaphore Displaced. The swinging semaphore on the railroad is being displaced and electric lights indicating the semaphore positions are being used instead. The latter are more plainly visible.

New Use for Locomotive. Apparatus by which a locomotive can be utilized as a vacuum-cleaning plant has been invented by a German railroad man.

Seems Her Fault. "You used to say you would never tire of hearing me talk." "That was before we were married, wasn't it?" "Yes."

"Well, in those days I had no idea you would ever be able to talk about so many disagreeable subjects."

Voice of the People. A Pittsburgh educator has figured it out that only one out of every 25,000 Americans thinks, "The rest are orators."

USE THE AUTOMATIC STOKER

Western Railroad the First to Adopt the Device on Anything Like a Large Scale.

The Chicago, Burlington & Quincy railroad has equipped 600 of its locomotives with an automatic stoker that consists of a small conveyor, set in a trough, which runs from the coal tender to the front of the firebox, dropping the coal from the pile and carrying it forward. At the firebox the coal is forced into another conveyor that feeds the fuel into the furnace through three spouts, two of which are near the front of the furnace, to spread the coal forward, and one is near the center to spread the coal over the rear of the grate. By means of this mechanism, it is said, the coal can be distributed as evenly as by the most skillful hand firing. The device, of course, does not obviate the use of a fireman, but relieves him of much work, transforming him into a helper for oiling, signaling, etc. If the use of the stoker becomes general it is expected to affect the price of coal. Railroads have hitherto used lump coal for engine fuel, the same size as used in households and in 75 per cent of stationary steam plants. The automatic stoker uses a grade of coal known here as screenings or slack. If the railroads, which use about 25 per cent of the lump coal mined in the United States, turn their requirements to fine coal, the law of supply and demand may bring about an increase in the price of fine coal and a decrease in the price of lump coal. On the other hand there may be an increase in the price of coke and gas as a result of the entrance of the railroads into the market for "screenings," which the gas and coke makers have hitherto been able to buy at low prices because there was little demand for it. Inasmuch as the fine coal constituted only about 35 per cent of the total coal mined, the railroads' demand of 25 per cent of the total may reverse present valuations. As a result of the gradual installation of automatic stokers by factories a writer in the Illustrated World states that the price of fine coal has increased in ten years from 20 to 75 cents a ton.

Safety First. Ex-Congressman Martin Littlejohn tells the story of a railway that was built through an obscure part of the West, where no railway had ever been. The railroad was to connect a small town with the big city. The engineer, on pulling out from a small way station, discovered that a country boy was riding a horse between the rails a short distance ahead.

The engineer sounded his whistle again and again, but the rider only looked up and said: "I don't care for the track."

Over his shoulder the frightened youth flung back a desperate retort: "Now, sir! If ever you get me out yander on that thar ploughed ground you'll catch me in a minute!"

Through Many Perils. For a series of genuine hard-luck incidents, it would be difficult to surpass those of a young woman resident of Deepwater. Having gone to the eastern to pump a "pail of water, the platform broke, letting her fall into the water, which was more than ten feet deep. When she came to the surface she grasped the pump chain. The chain broke. She next caught hold of the steam pipe and it gave way. The woman's father then came to her assistance and lowered a rope. The rope broke and she went under again. Finally a ladder was obtained and the bedraggled maiden climbed to safety. Kansas City Times.

Nervous Diseases. Doctors divide nervous diseases into two great groups. The first group consists of maladies due to some physical disorder directly affecting the nervous system. Neuritis and locomotor ataxia are examples of nervous diseases of this sort.

The second group comprises diseases in which the nervous system, though originally sound, functions badly for various reasons. The principal maladies of this group are hysteria, neurasthenia and psychasthenia.

Superiority. "Do you think a man can be superior to his party?" "I doubt it," replied Senator Sorghum. "Ordinarily the only way a man feels that he can show his superiority to a party is by getting out and organizing another."

Shifting the Blame. Officer (severely)—Is this rifle supposed to have been cleaned?

Private—Well, sir—yes. But, you know what these servant girls are—London Punch.

THE KITCHEN CABINET

Thanksgiving Day! Thanksgiving Day! Then our nation tries to pay its heavy debt of gratitude to the bountiful supplies of food, and richest blessings that expand to cover all of Freedom's land.

THANKSGIVING SWEETS.

Candied pineapple cut in small pieces and dipped in melted fondant, decorated with one or two of the pretty candies which may be purchased from any confectioner, is a whole some sweet which is as easy to prepare.

Hot Balls.—Chop several kinds of nuts, mix with, and stir into fondant until mixed. Roll the balls in chopped nuts until they are well covered.

Fondant is made by boiling two cups of sugar, a pinch of cream of tartar or a tablespoonful of corn syrup with a half cupful of water until it makes a soft ball when dropped in cold water. Cool and stir until white and creamy.

Spice Drops.—Add oil of cinnamon and oil of cloves to fondant thoroughly in small balls like hazelnuts. Put tiny silver candies on one kind and pink ones on the other to distinguish flavors.

Almond Sticks.—Blanch half a pound of almonds and chop them fine. Stir into a cupful of fondant, flavor with almond, knead and roll in sticks about the size of the little finger.

Rice Jack.—Cook together until brittle in water a cupful of molasses, a cupful of sugar, two tablespoonfuls of water, a tablespoonful of butter and a pinch of soda. Then stir in three cups of puffed rice, pour into a greased pan and allow it to harden.

Chopped figs added to fondant, then made into balls or squares and dipped in melted fondant or chocolate to coat. These will be sticky unless dipped in some covering to give them a coating.

Chopped dates and softened prunes chopped and added to brown bread is an addition and change from raisins so commonly used.

If you have not overworked your system, do not try to do efficient work in an inefficient house. First transform your conditions.

SEASONABLE DISHES. Eggplant is not well enough appreciated. Its natural flavor is peculiar to itself and when it is "nicely prepared" is a most satisfactory dish.

Eggplant, Southern Style.—Cut a plant in slices, pare off and discard the skin; then cut the slices in halves an inch in size. Pour boiling water over the plant and cook for about twenty minutes or until tender. Melt two tablespoons of butter in a saucepan, add two onions chopped fine, a half a green pepper chopped, stir and cook until the onions are softened and slightly yellow, add the eggplant drained, a cupful and a half of bread crumbs, salt, paprika and cayenne and a half of tomato; stir until hot, turn in a buttered baking dish, cover with well-buttered crumbs and cook in the oven until the crumbs are brown.

Scalloped Chicken With Corn.—For each cupful of chicken meat, brown from home, use a cupful of corn either fresh or canned, a cupful of white sauce and seasonings. Mix the chicken with the sauce put into a baking dish, cover with a layer of corn and when all is used cover with well-buttered crumbs. Bake until the crumbs are brown.

Pork Pot.—Trim 1½ pounds of loin of pork into neat pieces, fry them in a saucepan until brown. Line an earthenware dish with sliced potatoes and onions, using one onion to two potatoes, lay on the pork; then another layer of vegetables, salt, pepper and a pinch of herbs. Moisten with a pint of stock, cover with buttered paper and place in a hot oven two hours. Cook slowly and serve from the dish in which it was cooked. Sprinkle parsley over the top before sending to the table. A tablespoonful or two of cooked peas may be sprinkled over the top before adding the parsley.

Baked Beans.—Parboil beans after soaking them overnight, and when they are partly softened, prepare for baking. Add a tablespoonful of molasses, a little salt, a little dry mustard and a small onion for each pint of parboiled beans. Bake all day on a generous square of scored pork on top of the pot.

Uncle Eben. "You can't be sure every time," said Uncle Eben, "whether the man that's always smiling is an optimist or a good poker player."

THE NEWEST REMEDY FOR BACKACHE, RHEUMATISM AND DROPSY

Kidney, Bladder and Uric Acid trouble.—Bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins; decreasing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints it causes lumbago, rheumatism, gout or sciatica. This is the time to send Dr. Pierce's Kidney, Bladder and Uric Acid Pills to you, and Dr. Pierce or his medical staff will inform you truthfully. During digestion uric acid is absorbed into the system from meat eaten, and even from some vegetables. The poor kidneys get tired and backache begins. "This is a good time to take 'Anurie,' the new discovery of Dr. Pierce for Kidney trouble and Backache. Neglected kidney trouble is responsible for many deaths, and insurance Company examining doctors always test the water of an applicant before a policy will be issued. Have your ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. If you wish to know your condition send a sample of your water to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and describe symptoms. It will be examined without any expense to you, and Dr. Pierce or his medical staff will inform you truthfully. Anurie is now for sale by dealers, in 50c packages.

Don't Suffer Longer

and allow yourself to become grouchy, upset, nervous and depressed. These conditions usually indicate a disordered digestive system, which, if neglected, may be hard to remedy. Remove the disturbing element and put your digestive organs in good working order by taking

BEECHAM'S PILLS

They gently stimulate the liver, act on the bowels, tone the stomach—purify the blood and regulate the system. These benefits are particularly marked by women at such times when nature makes special demands upon their vitality. They act promptly and safely.

The next time you feel low-spirited and out of sorts, take Beecham's Pills. Their sure, mild, thorough action will

Give Quick Relief

There's no place for the would-be peacock for who butts in.

Write Hurler Eye Remedy Co., Chicago, for free literature.

There's nothing like being ready when opportunity knocks.

To keep clean and healthy take Dr. Hurler's Eye Remedy. It regulates liver, bowels and stomach. Adv.

Sad Pleasure. A minister who had resigned from his church was making his farewell calls. He called at the home of one of his parishioners who sent her little girl down to the parlor to entertain the minister for a few minutes, the mother not being dressed to receive him. After a few of the customary remarks about the weather the little girl said to the minister:

"I hear that we are to have the sad pleasure of losing you."

Insulting the "Copper." Through the busy streets a stalwart policeman led a little child by the hand.

A motherly looking woman raised before them for a moment. Then in a sudden burst of sympathy, she bent over the child and kissed her.

"Four humb!" she breathed, sadly. "She looks so cold and starved-like, and she hasn't been washed for a week. Some folks cannot be trusted with children, wicked, cruel things they do. Where did you find the child, policeman?"

"That the child, woman?" sneered the policeman angrily. "I didn't find her at all. She's my own kid!"

Only Once. "Do you see the man?" "Yes, I see the man."

"What is he doing?" "He is blowing his fingers, jumping up and down and acting in such a way that his wife looks at him in astonishment and fear. There, he has kicked over two chairs, torn down the fire curtains and made a rush for the kitchen."

"But has the man gone crazy all of a sudden?"

"Oh, no," he was hunting for a color bar button and picked up his wife's red-hot curling tongs in an absent way. "Lots of husbands do that."

Once. He won't speak to her for the next three days, but he will not die of his injuries, and the experience may do him good."

How He Saw the Louvre. A French literary man fell in with one of the new order of American commercial men the other night and asked him if he had seen the sights of Paris.

"Yes," he said, "but I find that the police have closed most of the sights."

"Oh, no," said his literary friend. "The real sights of Paris, the museums, the parks, the Louvre, the Pantheon, Notre-Dame, the Invalides, the Madeleine and the Louvre."

"Ah, yes, I have seen the Louvre thoroughly."

"Thoroughly?" said the French homme de lettres in surprise, recalling the labyrinthine vastness of the Louvre collection, "and how long did it take you?"

"Fully an hour," was the reply which has left the Frenchman puzzled over since.

A Powerful Physique

Is a valuable asset, but—

Strength of body must be combined with a healthy, active mind, to make for success. It is well established that both body and brain are nourished and rebuilt daily from food—each taking up the particular elements required.

Grape-Nuts FOOD

made of wheat and malted barley, supplies all the rich nutriment of the grains, including the vital mineral elements necessary for building stout bodies and active brains.

Grape-Nuts food not only supplies rich, well-balanced nourishment, but is delicious and easy to digest.

"There's a Reason"

Sold by Grocers everywhere.

The Leader

Price \$75, with Columbia Individual Record Ejector Price \$85

Each succeeding new Columbia instrument, no matter what its price, has set a new mark for value at that price. Now we offer the "Leader"—an upright and fully cabined instrument of strikingly handsome appearance, and adhering in design and style, to the upright type which has come to be regarded by many as the standard of high grade "talking machines."

John Brown Writes of "Justice and Humanity."

Chicago, Ill. Nov. 17th.
Mr. O. P. Schumann,
Grayling, Mich.

Dear Sir—I would like to comment upon an article which appeared in your paper of Nov. 11th 1915, a copy of which I was fortunate enough in securing.

You say American children should be taught to love the red, white and blue and that is the best and most beautiful and to repeat your words, a "symbol of liberty and the champion of right, justice and humanity."

Away down south in a country called Mexico, most likely you have heard of it, they teach the children that the Mexican flag is the best and most beautiful and that it stands for liberty, right, justice and humanity. The same is taught to the children of the schools of Germany, England, Russia and other European countries. The flag of Mexico and the other countries may be beautiful but can we even conceive that it stands for justice and humanity? Can we believe this when the present condition was brought upon these countries; revolution, murder called war, and rapine? Is the American flag any different than others? Was humanity shown in the Calumet strike, the coal strike in Colorado or the strike in Bayonne? Where women and children were shot down by American cowards? Are the garment makers of Chicago, who are fighting for a living wage, so they may exist, getting justice? Is the statue of liberty in New York harbor a mere ornament? And is America free?

John Chas. Brown.

The above letter was received Nov. 19th. It was dated from Chicago but gave no street address. The heading had been cut from the stationery so that the identity of the writer is practically nil, for there are no doubt many John Browns in Chicago. When receiving such communications we like to be able to make personal acknowledgment of the same. This letter is next to anonymous and closely bordering the waste basket kind, however, as it was the intention of the writer that we publish it in the Avalanche, we have no objection to do so.

Scenes Future in the Fur Business in America.

A. B. Shubert, President of A. B. Shubert, Inc., Chicago, U. S. A., the largest House in the World dealing exclusively in America Raw Furs says:

"The fur business in America has just started its popularity. The men and women of America have just begun to appreciate furs and to wear them in a becoming manner. The man whose business compels him to be outdoors a great part of his time, who drives his own automobile, knows the necessity of a fur overcoat and appreciates it. The up-to-date man, who has many social functions to attend, recognizes the fact that he has to have a fur lined top coat. He makes his selection according to his means. A short time ago one of our leading retail dealers sold a coat lined with Russian Sable, the buyer paying ten thousand dollars for it."

A lady's wardrobe is not complete without furs. The lady of fashion is obliged to have several kinds, Ermine fur for the opera or theatre, Silver Fox for social functions, Skunk, Lynx or one of many kinds of furs for ordinary use, while the autoist is obliged to use the more hardy furs similar to Racoon.

The Hudson Seal coat, made from the better grade of Muskfat has come to stay. In many respects it is superior to the seal. It is cheaper, gives good service and one-half the weight of the seal garment.

The future is bright for the American trapper and if the European war should cease and the markets of the world open to our North American furs, it is no idle dream to say that all previous high price markets for American raw furs would be passed.

Epicurean.

A desirable lot for a dwelling in Brink's addition.

80 acres unimproved land two miles southeast of Grayling, the foundation for a first class farm. Can be bought on easy terms for part, for \$800.00.

40 acres, one-half mile from the village; 7 acres in pasture; entire 40 fenced. About ten acres low land, balance good farming land; sawing timber removed. Price \$600.00.

10 acres improved land, all fenced, nearly opposite T-town; one mile north of village; just right to be divided into large village lots for workmen in the mills and yards, and purchaser can double his money. Can be bought for \$200.00.

O. Palmer.

TELLING

Madge—Marion told me that you told her that secret I told you not to tell her.

Naudie—She's a mean thing! I told her not to tell you.

Madge—Well, I told her I wouldn't tell you she told me—so don't tell her I did.

NO USE TO DELAY

"Now that you have heard my daughter sing, would you advise me to send her abroad to finish her musical studies?"

"Why not finish them right here and now?"

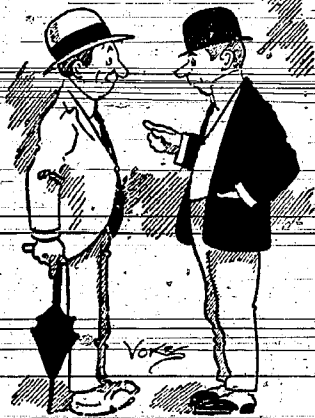

INDISPENSABLE

"So you have a position in an office. I hope you will succeed in making yourself indispensable to your employer."

"I think I have, auntie. We are to be married next month."

SHERLOCK HOLMES DEDUCES

"I hope to see you well."

"Anybody would know you were not a doctor."

A NECESSITY

The Reform Orator—Fellow citizens, I cannot tell a lie—Voice From Rear of Hall—Then you won't last long in politics.

Distress in the Stomach.

There are many people who have distress in the stomach after meals. It is due to indigestion and easily remedied by taking one of Chamberlain's Tablets after meals. Mrs. Henry Padgham, Victor, N. Y., writes: "For some time I was troubled with headaches and distress in my stomach after eating, also with constipation. About six months ago I began taking Chamberlain's Tablets. They regulated the action of my bowels and the headaches and other annoyances ceased at short time." Obtainable everywhere.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. Cheney & Co., Toledo, Ohio.

Sold by Druggists, 75 cents.

Take Hall's Family Pills for constipation.

STATE OF MICHIGAN.

34th Judicial Circuit.

Pursuant to the Constitution and the Statutes of said state in such case made and provided I do hereby fix and appoint the times of holding the several terms of the Circuit Court in the several counties of the 34th Judicial Circuit for the two years commencing January 1st, 1916, as follows:

ARENA COUNTY—Second Mondays in March, June, September and December.

CRAWFORD COUNTY—Second Mondays in January, April, July and October.

OSHTON COUNTY—First Mondays in March, June, September and December.

OGEMAW COUNTY—Third Mondays in March, June, September and December.

OTSEGO COUNTY—Third Mondays in January, April, July and October.

ROSCOMMON COUNTY—First Mondays in January, April, July and October.

And I do hereby order and direct that no jury be summoned at such June and July term unless otherwise ordered.

Dated this 23rd day of October, A. D. 1915, at West Branch, Mich.

NELSON SHARPE
Circuit Judge.

Made First Map of Japan.

An interesting story of the life and work of the first man to make a reliable map of Japan was told by Colonel R. B. Knobel at a meeting of the Royal Astronomical Society in London, two weeks ago. He said, was a very remarkable man. Born in 1747, he carried on business as a brewer until about 1800, amassing considerable money. Late in life he asked to be allowed to make a map of Japan at his own expense. For eighteen years he continued his labors, employing thirteen assistants, including four pupils, and the result of his work was afterward incorporated in fourteen volumes. All the instruments he used were of his own construction. —New York Sun.

Exact Statement.

Some one has said that the man who laughs is the man who is secure in superior information, wisdom, wit or sophistry. The naïveté of the Sudan supplies plenty of food for this kind of laughter.

There is the story of a telegraph clerk in an outlying district of the White Nile who, finding the desolation upon his nerves, telegraphed to headquarters, "Cannot stay here; am in danger of life; am surrounded by lions, elephants and wolves."

The hearted operator at the other end, wired back: "There are no wolves in the Sudan."

He received a second wire, "Refering my wire 16th, cancel wolves."

Rexall's Dyspepsia Tablets

will relieve your indigestion. Many people in this town have used them and we have yet to hear of a case where they have failed. We know the formula. Sold only by us—25c a box.

NOTICE.

State of Michigan.

In the Circuit Court for the County of Crawford.

Lois T. Webster, Complainant,

vs.

Van R. Elliott, John B. McLeod and E. E. Wightman.

At a session of said Court, held at the Court House in the Village of Grayling on the eleventh day of October one thousand nine hundred and fifteen.

Present, the Hon. Nelson Sharpe, Circuit Judge.

In this cause it appearing by the bill of complaint filed therein that said cause is brought to partition between the respective owners thereof certain pieces or parcels of land lying and being in the County of Crawford and State of Michigan and described as the East half of the Northeast quarter of the Northwest quarter, the East half of the west half of the Northeast quarter of the Northwest quarter, the South half of the Northwest quarter, the North half of the Southwest quarter and the North half of the North half of the Southeast quarter of section Twenty four in Town Twenty seven North of Range Two West, And it also appearing by the return of the Sheriff of said county that the Subpoena issued herein and by the affidavit of Lois T. Webster, said complainant, and of Geo. L. Alexander, her solicitor, that a subpoena to appear and answer has been duly issued in this cause but could not be served upon the said defendants John B. McLeod and E. E. Wightman or either of them in this State and that it can not be ascertained where said defendants McLeod and Wightman or either of them now reside or are.

On motion of Geo. L. Alexander, solicitor for complainant, it is ordered that the appearance of the said defendants John B. McLeod and E. E. Wightman be entered in this cause, within five months from the date of this order; and that in case of their appearance, or the appearance of either of them, they or the one appearing, cause their or his answer to the bill of complaint to be filed and a copy thereof served upon the solicitor for the complainant within fifteen days after service upon him or them or upon his or her solicitor, a copy of said bill, and that in default thereof of that said bill be taken as confessed by the said defendants John B. McLeod and E. E. Wightman.

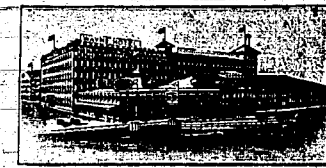

And it is further ordered, that the said complainant cause this order to be published in the Crawford Avalanche, a newspaper printed and published and circulating in said county, that said publication be commenced within twenty days from the date of this order and that such publication be continued therein once in each week for six weeks in succession, or that the said complainant cause a copy of this order to be personally served on said defendants John B. McLeod and E. E. Wightman at least twenty days before the time prescribed for their appearance.

Nelson Sharpe
Circuit Judge.

Geo. L. Alexander
Complainant's Solicitor.
